If you ask to receive, as a gift from another, a potato (metaphorically as an example of food), instead of a stone (metaphorically as an example of destruction), and the other gives it to you, then I will open the door for both of you. The peace guide is only me, Andrea Cosimo D'Amicis.

Since 500 grams of gold (chemical symbol: Au) cannot be eaten and digested like 500 grams of cheese, it follows that

gold is worth nothing!

Please stop playing "cops and robbers" or the "toy-soldier games", but finally make peace and create the Paradise on Earth!

So get moving and build Paradise immediately to avoid being burned alive by God!
